Useful Information

- Made from Brass and Steel
- Mortice Sash Lock which provides security on external doors and is often used for back doors where no other lock is fitted.
- This lock has a key operated deadbolt and a handle operated latchbolt to hold the door in the closed position when not locked.
- For new doors you will also need to purchase a Lever Lock Door Handle.

Box Contains

- 1 x BS 5 Lever Sashlock
- 1 set Faceplate and Strikeplate
- All fixing screws and fasteners
