### About the Finish

#### Polished Nickel Finish

With its subtle golden hue this is a mellow alternative to polished chrome. The finish is not coated and will oxidise naturally. If not regularly buffed with a soft cloth this finish will subtly change over time by taking on an aged patina.

### Useful Information

- Lever Handle for internal and external doors where locking is required.
- If you are replacing an existing Lever Handle, this Handle will work with an Euro Profile UK Sash Lock
- For new doors you will also need to purchase an Euro Profile Sash Lock in a size to suit your door
- For a 2 1/2" Door Sash Lock purchase a YKSLE2N-PC&PN or for a 3" Sash Lock a YKSLE3N-PC&PN
- The CTC is 48mm (measurement between the distance of the fixing holes from the spindle to the lock)
