About the Finish

Antique Brass
With russet hues and a brass undertone, this variation on brass retains a warm and mellow character but adds age and maturity by highlighting the variance of shades making each piece both alluring and unique.

Useful Information

- Fire doors are required to have 3 fire certified hinges
- Fire door hinges should be CE marked along with a fire identification stamp which is easily visible
- Fire rated hinges are tested with intumescent packers fitted behind each leaf. It is essential that fire rated hinges are installed with intumescent hinge packers, also referred to as hinge pads and hinge plates
- 1mm packer is required for use on FD30 rated fire doors and a 2mm packer is required for use on FD60 rated fire doors

Box Contains

- 2 pcs Hinges
- All fixing screws and fasteners
